Errors in entries appearing in columns 6, 10, 11, 12 or 13, are sufficiently numerous to justify the belief that the word "do" (meaning the same as the word above it in the column) was frequently used by the enumerator when he should have written a figure or a character. In such cases the word "do" has been printed exactly as written, and no attempt has been made to correct the supposed error.
Errors in entries appearing in column 14, are sufficiently numerous to justify the belief that many persons who were returned as "Blind" were in fact only partially blind, and that many persons who were returned as "Deaf" were only partially deaf. In such cases the words "Blind" and "Deaf" have been printed exactly as written, and no attempt has been made to correct the supposed error.
